

Success Television provides organizations with soft skills video trainings and video libraries of short compelling video vignettes that back up learning concepts and jazz up trainings on leadership, teams, communication, etc. with engaging video. World class business leaders, authors and coaches, often video-taped on location, add credibility and back up corporate and university trainings by showing examples of good leadership and how to attain those all important "soft skills."

Video libraries are grouped into training categories which include 7-9 videos and a leader's guide. There are 21 video libraries or categories: leadership, teams, attitude, change, diversity, communication skills, etc.

Success Television also offers a E-Learning courses on Change Management and Effective Leadership skills which make great pre-learning classes.
